Works game downloadQ: Dynamicsidebar for Axis2 Web Service I am developing a Web Service using Axis2 framework and I need to add a DynamicSidebar for it. Basically, i want to display some list-boxes in my web-app, one for each service, and the user should be able to select from them which is the active service. Is there an example for this, or at least some documentation? Thanks in advance. A: Try setting these properties in your axis2.xml file : You need to add
