Is there any other method to install the.Lemon Jelly Cookies Ingredients Directions Dissolve the gelatin in cold water, and let it soak for 5 minutes while you prepare the other ingredients. With an electric beater, whisk the cream until soft peaks form.

Remove the zest and juice of the lemon using a fine grater. Set aside. Make the cookies by adding the flour, baking powder, and salt to a bowl and whisking. Make a well in the center of the flour and add the softened butter. With a pastry blender or two knives (or your hands if you prefer), cut the butter into the flour until the mixture has the consistency of coarse meal. Add the honey, egg, and lemon juice. With a fork, stir
